Messrs. C. L. Heinrich, Polk Farrar and H. R. Cannon went to St. Louis this week on the excursion. Mr. H. J. Campbell has installed a brand new outfit in his barber shop and the fittings—lavatories, mirrors, bath tubs, etc., are the very latest thing in plumbing. The work was installed by Mr. John McDavid, Macon's expert workman in that line. The shop is sanitary in every respect and would be a credit to a town of ten thousand population.

SOCIAL DOINGS.

One of the prettiest parties of the season was given on the Fourth of July by Mrs. Katharine Murphey on the porch of Mrs. T. S. Murphey's home. The porch was beautifully decorated in the national colors, and the color scheme was artistically carried out in the menu, the first course being cannon balls cut from water melon, decorated with tiny U. S. flags. The ice course was also in the national colors. After an interesting game of auction bridge prizes were awarded to Miss Alma Dinsmore and Mrs. R. L. Rhymes.

Mrs. Joe Scott entertained the Matron's bridge club Wednesday afternoon.

Miss Marian Patty will be the hostess this afternoon of the seven-hand euchre club.

Tropical Hurricane

The West Indies hurricane, which was reported Tuesday as being in the Caribbean sea and headed towards the gulf coast, struck that section Wednesday morning and the last report from Mobile was at noon Wednesday when an 80 mile gale was blowing. The storm reached this section Wednesday night and a strong wind blew for twelve or fifteen hours. A little more than half an inch of rain had fallen up to 7 o'clock Thursday morning, but at 7 o'clock Friday morning nearly five inches had fallen. This section evidently got the full force of the storm as the weather bureau from New Orleans reported "with a sudden veer typical of tropical hurricanes, the storm in the gulf which Wednesday seemed to be headed directly for New Orleans, passed inland just east of the city, between 10 p. m. and midnight and Thursday morning was centered in Mississippi between Jackson and Meridian, moving north."

The damage to the crops in this section is incalculable. All the corn has been blown down and in the creek and river bottoms is under water. Weather conditions up to this time have been almost ideal and crop prospects were never better. Showery weather had prevailed for several weeks but comparatively few had been damaged by too much rain.

The weather bureau's warning stated that the storm would reach here about 6 o'clock Wednesday. The storm began here within ten minutes of that hour.

John Haygood Loses Leg
John Haygood, who had his foot mashed off when he was run over by a southbound freight train last Saturday week, was moved to a hospital in Meridian and it was found necessary to amputate his leg above the ankle joint. The local physician attempted to save a portion of his foot but was afraid amputation would be necessary as there was not sufficient vitality left of the foot.

Cemetery Association
The Ladies Cemetery Association met Tuesday afternoon with the president, Mrs. E. E. Dantzer. As this was the last meeting for 1916-17, the following officers were re-elected for next year—President, Mrs. E. E. Dantzer; Vice-President, Mrs. J. B. Elkins; Treasurer, Mrs. T. W. Brame; Secretary, Mrs. Charles Strong.

The President appointed Mrs. W. P. Snowden, Mrs. John Morgan and Mrs. L. F. Holberg as the Cemetery committee.

The dues for 1916-17 are now due and it would be a great help if these members of the Association would send their dues to the treasurer.

Mrs. CHARLES STRONG, Secretary.
